This **Mahotsav is dedicated to the people of India** who have been instrumental in bringing India thus far in its evolutionary journey and they also have the power and potential to activate India 2.0, fuelled by the spirit of **Atmanirbhar Bharat**. 'Azadi Ka Amrit Mahotsav' is an embodiment of all that is progressive about India's socio-cultural, political and economic identity. One of the primary focus of the celebration is to document our unsung heroes, lesser known personalities and places that have made invaluable contributions in the freedom struggle of India. It commenced on 12th March 2021 with a 75 Week countdown to our 75th Anniversary of independence and will be concluded post a year, on 15th August 2023.

Themes of Azadi Ka Amrit Mahotsav:

The themes planned by the Government to celebrate the 'Azadi Ka Amrit Mahotsav' are as follows:

1. Vishva Guru Bharat

People from all around the world converged to India to gain from its priceless wisdom. Illuminaries like Charak, Patanjali, Bhaskaracharya, Chanakya, Sushruta, Kanad, and Aryabhatta have left indelible imprints in various domains of human knowledge for the entire world. India has all the potential to become Vishva Guru once again because of its value system, culture and inherent belief in 'Vasudhaiva Kutumbakam'. Moreover, India is also reforming the education system of the country by implementing NEP 2020.

2. Ideas, Achievements and Resolve

Through Azadi Ka Amrit Mahotsav, the government aims to commemorate every citizen's belief in India as the 'best-in-class' in social, political and economic terms. Amid all the planned events, the country's achievements in varied sectors, such as agriculture and science & technology, will be highlighted. Such programmes will not only help in nation building but also aid citizens in overcoming challenges in their daily lives. These initiatives will further strengthen the country's performance at large and give rise to new dreams and opportunities.

3. Atmanirbhar Bharat

During the pandemic, as a nation, India has shown the entire world its resilience and capability to deal with extreme adversities. India has not only started the world's largest self-made vaccination drive, but it is also exporting it to many other countries. Aatmanirbharta provides financial support to several firms, encouraging entrepreneurs to produce goods and services within the country. This will help the country to focus on the tagline of 'vocal for local,' the promotion of local brands,

manufacturing, and supply chains that will provide a significant boost to India's economy. This will ultimately help India to become Atmanirbhar Bharat in every aspect.

4. India's Rich Cultural Heritage

Principle of 'Unity in Diversity' lies in the deep roots of India. People from different ethnicities coexist peacefully, speak different languages, eat different foods, and follow distinct customs. India has developed numerous kinds of art, architecture, painting, music, dance, festivals, and rituals over the years, and this diversity has resulted in an unparalleled culture that the rest of the world admires. This theme will highlight the rich culture and heritage of India and celebrate the India's achievements by organising various events across the country.

5. Celebrating Unsung Heroes

During the celebration of 'Azadi Ka Amrit Mahotsav' activities like exhibitions, publications, and the development of museums to honour the unsung or unacknowledged heroes of India's freedom struggle will be conducted as many independence freedom fighters do not fall within the traditional narrative of the freedom movement. The concept of unsung heroes will be intertwined with the Visit India Year 2022', which will also help to promote regional art, culture, tradition, wellness and yoga.

6. Independence 2.0

The vision of New and Atmanirbhar Bharat can become a reality by promoting and focusing on local manufacturing i.e. 'Made in India' and being 'vocal' about 'local'. The focus must lie on creation of world-class products, promoting investments and value pricing. This shall lead to establishment of a level-playing business ecosystem, keeping the Sustainable Development Goals (SDGs) in mind. Not only will sustainability remain a key, increased participation of local craftsmen and artisans shall be witnessed as well. All the aforementioned elements (such as Visva Guru Bharat, Aatmanirbhar Bharat) will be imbibed in spirit while implementing this vision. Along with imbibing ethos, marketing battles will also have to be fought in the fast-evolving consumer world. Implementation of this vision will drive success of Independence 2.0.
